

2017 Annual Report to the School Community

School Name: Simpson Primary School

School Number: 4895

- All teachers at the school meet the registration requirements of the Victorian Institute of Teaching (www.vit.vic.edu.au).
- The school meets prescribed minimum standards for registration as regulated by the Victorian Regulation and Qualifications Authority (VRQA) in accordance with the Education and Training Reform (ETR) Act 2006. This includes schools granted an exemption by the VRQA until 31 December 2017 from the minimum standards for student enrolment numbers and/or curriculum framework for school language program.
- The school is compliant with the Child Safe Standards prescribed in Ministerial Order No. 870 – Child Safe Standards, Managing Risk of Child Abuse in School.

Attested on 03 May 2018 at 08:33 AM by Andrea Taylor (Principal)

- All teachers employed or engaged by the school council meet the registration requirements of the Victorian Institute of Teaching.
- To the extent that the school council is responsible, the school meets prescribed minimum standards for registration as regulated by the Victorian Regulation and Qualifications Authority (VRQA) in accordance with the Education and Training Reform (ETR) Act 2006. This includes schools granted an exemption by the VRQA until 31 December 2017 from the minimum standards for student enrolment numbers and/or curriculum framework for school language program.
- To the extent that the school council is responsible, the school is compliant with the Child Safe Standards prescribed in Ministerial Order No. 870 – Child Safe Standards, Managing Risk of Child Abuse in School.

Attested on 08 May 2018 at 08:49 PM by Willem Van Eck (School Council President)

About Our School

School Context

The core purpose of this school, as defined in the Strategic Plan is: At Simpson Primary School all students are provided the opportunity and encouragement to achieve full potential academically, socially and emotionally. Our staff of 6.5 FTE and 2.44 School support staff strive towards engaging our students in an education that is relevant to the 21st century. Staff are committed to provide high quality education in a positive, supportive environment, enabling all students to achieve their potential. Our school is striving to develop a culture that provides quality learning opportunities with a focus on ensuring that all members of the school community develop as the best version of themselves possible. Simpson's school vision is to have: Effective communication, Ongoing learning, Self-motivated learners, Continual improvement, Teamwork and a Safe welcoming environment. The school values: Getting Along, Organisation, Persistence, Confidence and Resilience. The school provides a comprehensive curriculum with a strong focus on daily instruction for literacy and numeracy which is further supported by Inquiry learning units. Daily instruction is based around Learning Intentions, Success Criteria, Quality of Task and Feedback. Our motto of "Enriching learning through opportunity" guides our daily core business. Our program, based on the Victorian Curriculum, includes specialist teaching for Science, Physical education and Library. Curriculum initiatives include the Café Reading Menu, VCOP writing process, daily P-6 Numeracy program. A comprehensive transition program runs from Kinder through the school and beyond into year 7 with staff liaising with key providers to ensure best opportunities for information exchange are established and maintained. The student wellbeing program was based on Program Achieve with its 5 key areas forming the focus. A 'Restorative Practice' approach is taken when dealing with disruptions throughout the school. Our alignment with 'Kids matter' is central to the development of cultural conditions that value all. We are an 'Asthma Friendly,' 'Kids Matter', 'Sun Smart' and 'e-Smart' accredited school. Community partnerships are highly valued by the school. There is a strong sense of community ownership of the school with parents taking great pride in the school's facilities, supporting fundraising, helping in classrooms and with camps and excursions. Partnerships with The Simpson community Centre, Men's Shed, Local Playgroup and Timboon and District Healthcare services provide a wide variety of health and welfare programs. A joint venture between Simpson Primary School and the Corangamite Shire has resulted in a School/Community kindergarten and early childhood hub sharing the site. In addition to the comprehensive classroom programs offered in literacy and numeracy, an inquiry based curriculum program is used to address all other key learning areas. General capabilities and Interdisciplinary learning are further supported by a range of Urban and Outdoor Education camps and excursions. The school is an active participant in district sport competitions as well as providing opportunities for students to participate in instrumental music via our 'Glee club', concerts and school productions. A private music tuition 'instrumental and Vocal Music Program' is facilitated by the school. Leadership roles exist throughout the school ranging from House Captains, School Captains and Junior School Council members. In 2017 our initial enrolment of 93 students was impacted by families moving from the district to larger regional centres. We finished the year with 88 enrolments. A renewal phase is being entered into by the School with an Acting Principal in terms 2 and 3, who was successful in being appointed for the start of term 4 2017. Our decisions are made with students at the centre of our processes to ensure that this rural remote community creates positive, engaged, active future citizens.

Framework for Improving Student Outcomes (FISO)

Our focus on the development and use of the 'Professional Learning Community' framework is a major driving force for staff as they strive for AIP targets. This framework is used by all levels of our school to ensure high quality learning is our focus. Teaching and learning teams across year levels ensure scope and sequence and curriculum coverage is monitored across the school. Our teaching and learning cycle uses pre unit assessment data to identify learning need, goal setting, explicit teaching, post assessment for future learning interventions with focus goals established and followed into the next learning cycle. Teaching and learning teams are currently responsible for core curriculum development, and documentation which is monitored to ensure full coverage of DET requirements. Instructional coaching is provided in Reading and High Impact Teaching Strategies. Supportive curriculum initiatives and programs include Big write VCOP and Science both of which have recently been strengthened with professional development around high impact strategies. Professional Learning teams with a curriculum leader exist in lower and upper sections of the school. These teams focus on improving student learning outcomes in all learning areas and general capabilities.

Achievement

While our data would suggest similar results to like schools the four year picture shows a decline in NAPLAN reading at year 3 and to a lesser extent in NAPLAN numeracy at year 3. Our 2017 and 2018 professional learning in the area of reading will take some time to show growth but, will address inconsistencies in teacher practice with a whole school instructional model being developed and trialled for reading p-6. Our learning gain 3-5 is extremely positive with 90% of students experiencing mid to high growth over these 2 years. Our 2017 school performance report suggests we are an influence school for reading achievement in particular lifting the low performers. Intervention support was not possible during 2017 but has been factored into the 2018 year with the use of equity funds to continue to support reading development in the early years. Due to greater need further equity funding will be used to support the provision of speech /oral language development in the prep-2 area. Professional development around oral language and the use of HITS has been factored into our 2018 achievement focus.

Engagement

Our 2017 focus on student engagement saw gains in communication between home and school around attendance. We used the 'It's not OK to be Away' campaign to support our families understanding that every day counts. Our communications with families was at the early level of absence and where necessary we worked with DET Region to support families re-engage with the school. We have not made inroads into traditional family holidays based on the seasonal needs of farming however, we recognize these experiences can provide rich learning opportunities when student absence learning plans are made prior to the event.

Wellbeing

Our attitudes to school survey data increase exponentially as the student population engaged with each other and the staff to foster an inclusive, supportive learning environment. The use of guest speakers focusing on resilience, student leadership opportunities and whole school activities enabled the students to identify the unique opportunities of a small school community and gave rise to the phrases: 'Simpson Primary School- the small school with a big heart.' And 'At Simpson Primary School we C.A.R.E.' Continuing this focus in 2018 we will undertake School Wide Positive Behaviour Program and have already undertaken restorative practice training as a staff.

For more detailed information regarding our school please visit our website at

Performance Summary

The Government School Performance Summary provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian Government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community helps to support community engagement in student learning, a key priority of the Framework for Improving Student Outcomes.

Members of the community can contact the school for an accessible version of these data tables if required.

How to read the Annual Report

What does the **About Our School** section refer to?

The About Our School page provides a brief background on the school, an outline of the school's performance over the year and plans for the future.

The 'School Context' describes the school's vision, values and purpose. Details include the school's geographic location, size and structure, social characteristics, enrolment characteristics and special programs.

The 'Framework for Improving Student Outcomes (FISO)' section includes the improvement initiatives the school has selected and the progress they have made towards achieving them.

What does the **Performance Summary** section of this report refer to?

The Performance Summary reports on data in three key areas:

Achievement

- student achievements in:
 - English and Mathematics for National Literacy and Numeracy tests (NAPLAN)
 - English and Mathematics for teacher judgements against the curriculum
 - all subjects for Victorian Certificate of Education (VCE) examinations (secondary schools)

Engagement

- student attendance and engagement at school
 - how many students leaving school go on to further studies or full-time work (secondary, P-12 and specialist schools)

Wellbeing

- Attitudes to School Survey (ATOSS)
 - Sense of connectedness
 - Management of Bullying

Results are displayed for the latest year, as well as the average of the last four years (where available).

What does **School Comparison** refer to?

The School Comparison is a way of comparing this school's performance to similar schools in Victoria.

The comparison measure takes into account the school's academic intake, the socio-economic background of students, the number of Aboriginal students, the number of non-English speaking and refugee students, the number of students with a disability and the size and location of the school.

The School Comparison shows that most schools are achieving results that are **'Similar'** to other schools with alike student backgrounds and characteristics. Some schools are doing exceptionally well and have **'Higher'** performance. Some schools have **'Lower'** performance than expected and receive targeted support to ensure that there is improvement.

More information on School Comparison performance measures can be found at: <http://www.education.vic.gov.au/school/parents/involve/Pages/performance.aspx>

What does **'Data not available'** mean?

Some schools have too few students enrolled to provide data. There may be no students enrolled in some year levels so school comparisons are not possible.

New schools have only the latest year of data and no comparative data from previous years.

The Department also recognises unique circumstances in Specialist, Select Entry, English Language and Community Schools where school-to-school comparisons are not appropriate.

What is the **Victorian Curriculum**?

The Victorian Curriculum F–10 sets out what every student should learn during their first 11 years of schooling. The curriculum is the common set of knowledge and skills required by students for life-long learning, social development and active and informed citizenship.

The curriculum has been developed to ensure that school subjects and their achievement standards enable continuous learning for all students, including students with disabilities.

The 'Towards Foundation Level Victorian Curriculum' is integrated directly into the curriculum and is referred to as 'Levels A to D'.

'Levels A to D' may be used for students with a disability or students who may have additional learning needs.

'Levels A to D' are not associated with any set age or year level that links chronological age to cognitive progress (i.e. there is no age expected standard of achievement for 'Levels A to D').

Financial Performance and Position

Financial performance and position commentary

A small surplus was the result of caretaker principalship where larger maintenance and repairs projects were held over for the next 12 month period rather than commit to the wrong improvement before a full school picture could be established by the new leadership. A strong commitment to applying for grants and funding opportunities was undertaken successfully with accessible buildings grant, sunshade grant and sporting schools supports all adding to the bottom line of the schools financial position and increasing the opportunities for our student population. This will be of great value moving forward as workplace conditions are improved with air conditioning, maintenance of worn windows and painting all being high priority future large works. Our extremely active school community has supported the school with both funding and volunteer hours to help with the maintenance of an extremely large site. Subsidies were provided by School council to support our P-6 swimming program, year 3-6 camp and on-line membership of curriculum site Mathematics. Through this high level of support we were able to provide rich extra curricula activities to our students.

Financial Performance - Operating Statement Summary for the year ending 31 December, 2017		Financial Position as at 31 December, 2017	
Revenue	Actual	Funds Available	Actual
Student Resource Package	\$833,918	High Yield Investment Account	\$72,515
Government Provided DET Grants	\$135,938	Official Account	\$5,378
Government Grants Commonwealth	\$1,800	Total Funds Available	\$77,893
Government Grants State	\$8,400		
Revenue Other	\$8,763		
Locally Raised Funds	\$56,126		
Total Operating Revenue	\$1,044,945		
Equity¹			
Equity (Social Disadvantage)	\$14,405		
Equity Total	\$14,405		
Expenditure		Financial Commitments	
Student Resource Package ²	\$819,999	Operating Reserve	\$30,757
Books & Publications	\$970	School Based Programs	\$17,500
Communication Costs	\$2,357	School/Network/Cluster Coordination	\$5,500
Consumables	\$25,725	Maintenance -Buildings/Grounds incl SMS>12 months	\$24,135
Miscellaneous Expense ³	\$32,651	Total Financial Commitments	\$77,893
